

Conference dinner

Dinner cruise on the Seine river on board the *Bretagne*

One of its first passengers was Queen Elisabeth II. Built in 1954, the *Bretagne* was devoted to host distinguished guests from the capital and to offer them a sumptuous cruise showing the monuments along the Seine.

This elegant and luxurious yacht confirms year after year its reputation of one of the most beautiful boats of Paris. With its teak bridge, its decoration in mahogany tree and its marine woodworks, this superbe boat creates an intimate and warm atmosphere.

The cruise departs from and returns to the foot of the Eiffel tower. A cocktail will be served on board at 19:30, then the cruise begins at 20:00. While eating on board, you will enjoy one of the most wonderful view over Paris and the Seine river. The landing is scheduled at 23:00, and the event will end at midnight.
